South Korea Rips Geneva Parley Plans

Proposals Are Called 'Incompatible' With Terms of Armistice

BERLIN (AP) — South Korea denounced today Big Four plans for a Korean peace conference in Geneva but did not rule out South Korean participation in the talks starting April 26

As the Big Four foreign ministers headed home from their 25 day Berlin session a South Korean government spokesman Karl Hong Ki said in Seoul the proposal for the Geneva conference was fundamentally incompatible with the Korean armistice agreement

Fears China Concessions

He contended the statement issued at the end of the conference could be looked upon as giving Communist China a special invitation to become one of the principal powers—creating in effect a Big Five meeting that is designing to permit the republic of Korea to attend its own peace conference '

Failure of the Big Four to reach any agreement on Germany and Austria brought sour reactions today from Bonn and Vienna The West German government said the Soviet Union s actions here demonstrated Russia intends to become 'the solely dominating power on the European continent This statement expressed gratitude to the three Western ministers for their efforts on Germany s behalf

Austrians Despondent

Austrian newspapers appeared with black borders to mark failure of the Big Four to give Austria independence

Vietnamese officials approved the Big Four idea for discussion of an Indochina settlement in connection with the Korean talks at Geneva But, they declared in Saigon any such settlement must make it impossible for the Communist led Vietminh to take over Indochina

Red China 'Invited'

The deadlock at Panmunjom was bypassed by the decision yesterday to open the long-debated Korean peace conference in Geneva April 26 with Red China among the nations to participate not as a sponsor but by invitation The ministers agreed the problem of ending the seven year-old war in Indochina shall also be discussed at the conference

The top diplomats of the United States Britain France and Russia promised also to hold an exchange of views ' on world dis

Provision Is Made in Both For Purchase

Charges on Leasing Would Be Applied to Cost of Equipment

Two methods the county could use in renting voting machines were taken under advisement by the county commissioners after they met Thursday afternoon with board of elections officials and a representative of a machine manufacturing company

Roy I Gustavson of the Automatic Voting Machine Co Jamestown N Y , presented these two plans

(1) A rental plan for a one year period of a fee of $150 per machine with an option to buy the machines at the end of the year with the full rental charge to be applied to the purchase price

2) A rental purchase contract renewable annually, at a fee of $150 per machine per year plus a 3½ per cent interest charge This plan also gives commissioners the option to buy the machines at the end of any contract year with the rental charge applying to the purchase price

Under both plans commissioners would have to pay transportation charges which Gustavson estimated would average ten dollars per machine

Figuring on the basis of 77 machines as requested by elections officials rental charge for a year would total $11 500 With the addition of transportation charges estimated at $770 the total cost of renting voting machines for one year under the first plan proposed would amount to $12 320

Addition of 3½ per cent interest amounting to approximately $404 would bring the total cost under the second plan proposed to $12 724

Representing elections officials at the meeting were Harold Patrick George Stafford and Robert Shef board members and Elmer Miller deputy clerk All three commissioners Howard McCurdy Luther Mitchell and Ray Reidenbaugh were present Also attending the meeting was Miss Robert

PALM SPRINGS Calif (AP)—The political advice President Eisenhower gets from Gov Goodwin J Knight of California is this if you want to defeat the Democrats at the polls be kind to them

Works in California

"I told the President his recent announcement that the best kind of Republicanism is to avoid bitter condemnation of Democrats is very popular in California because that is the way we have been beating the New Deal here for 20 years

Knight was alluding to Eisenhower s statement Feb 10 that he is against extreme political partisanship

Knight visited Eisenhower with California Republican National Committeeman Ronald Button who told reporters the President and his program rate high with Californians Button said he gave Eisenhower a report to that effect based on a cross section study of sentiment in the state a study which he declared included the views of Democrats and Republicans alike

New Provision Seen as Death Of Bricker Bill

Sen. George Predicts GOP-Sponsored Clause Won't Gain Approval

WASHINGTON (AP)—Sen George (D Ga) said today chances for Senate passage of any constitutional amendment on the treaty powers are dead unless a provision already tentatively approved is stricken out

This provision sponsored by the four top Republican Senate leaders was written into the proposed amendment by a 44 43 vote Wednesday

It would amend Article VI of the Constitution to require that all future treaties cannot be the supreme law of the land unless made in pursuance of the Constitution

George a leader among the Democrats on foreign affairs voted against the provision on the ground it might cast a shadow over all treaties negotiated and ratified since the Constitution first was approved

He said in an interview today that the Wednesday vote clearly showed the Senate would not pass any constitutional amendment so long as this provision remained in

'Too many senators ' he said have doubts about what the effect of this would be

This group he said combined with those who do not want any change in the Constitution affecting treaties would comprise considerably more than one third of the Senate

It will take two thirds vote of those present to pass any proposal for a constitutional change and send it to the House Before this showdown however the resolution can be altered on the floor by a simple majority

Democrat Bloc Solid Despite Beeson Setback

Eisenhower's Nominee To Labor Board Wins In 45-42 Senate Vote

WASHINGTON (AP) — Democratic leaders in the Senate were quietly jubilant today, despite a 45 42 defeat in their campaign against confirmation of Albert C Beeson to the National Labor Relations Board

Sen Hill (D Ala) who took a leading part in the floor fight against Beeson yesterday said the outcome would give the Democrats a clear cut issue which we will undoubtedly raise from time to time before next November s election

Bitter Debate

Beeson was confirmed after bitter debate Accused by some Democrats of making false and misleading statements during his confirmation hearing he was given a vote of confidence by all but one of the Republicans present Republicans said his integrity stood unquestioned and that nothing brought out in lengthy hearings before the Senate Labor Committee had impaired 'his reputation for truth and veracity Some said that he became confused during his testimony but had no intention not to tell the truth

But Sen Neely (D WVa) asked the Senate to help him protect President Eisenhower against the disgrace of putting a man on there who lied five time

Three Democrats joined 42 Republicans in confirming Beeson On the losing side were 40 Democrats Sen Langer (R ND) and Sen Morse (Ind Ore)

Democrats Solid

Hill said in an interview the outcome showed that the Democrats can stick together on a clear cut issue of this kind Northern and Southern wings of the party often disagree The three Democrats voting for Beeson all Southerners were Senators Byrd of Virginia Holland of Florida and Eastland of Mississippi

Before the question of Beeson s veracity was raised some Democrats had opposed his appointment on the ground his active career as a management executive in labor relations would cause him to be prejudiced Beeson said he was certain he would have no bias

Beeson s relationship with his former employer the Food Machinery and Chemical Corp became the crucial issue in the dispute over his testimony to the Labor Committee He submitted a formal resignation to the company the last day of the hearing to take effect the date he take the oath of office as a member of the NLRB

Hospital Head Key Witness in Mansfield Case

Testifies Sternbaum Provided Money for Operation on Woman

MANSFIELD Ohio (AP) — A key prosecution witness today told the court L Max Sternbaum took a woman to Madison Hospital in Mansfield for an operation March 27 1953

The state (AP) attempting to prove Sternbaum killed his wife Lenah 31 Dec 4 1952 because he loved another woman

Edward Adams Madison Hospital superintendent said Sternbaum brought him a woman he said was his sister in law, Marge Nistel of Columbus

Identity of the woman and the nature of the ailment for which she was hospitalized were not definitely established during the morning s testimony Adams said Sternbaum gave him the money for the woman s expenses

Other witnesses today included a motel operator who said Sternbaum had made reservation for Miss Margaret Rozenman 32 of Columbus at the Lincoln Plaza Motel west of Mansfield Nov 6 1952 A florist testified Sternbaum ordered a dozen roses Oct 17 1952 for Miss Rosenman to be delivered in Columbus and at the same time bought flowers for his wife Lenah

Germ Warfare Hearing

Maj. Bley Takes Stand, Testifies at Own Request

WASHINGTON (AP) — Maj Roy Bley testified today he was mentally and physically broken by his Communist captors in Korea when he signed a false confession to engaging in germ warfare operations

Bley 40 appeared at his own request as a witness in the Marine Corps court of inquiry which is determining whether his fellow officer Col Frank H Schwable should face a court martial for a similar false confession

Interested Party

Bley was named an interested party to the inquiry yesterday after Schwable s counsel Col Paul Sherman told Bley he was 'suspected of improper dealings with the enemy after Schwable and Bley were captured July 8 1952

The Marine Corps decided overnight to combine the current inquiry to Schwable rather than investigate Bley s conduct at the same time

The Army meanwhile prepared to set up a court martial for one of its men Cpl Edward S Dickenson who at first decided to remain with the Communists who captured him in Korea but later elected to return home

Some of the accusations against Dickenson are applicable only in time of war and this may raise a legal problem Was the fighting in Korea a war?

Military Law Broken?

For the Marine Corps the issue is whether its two officers broke military law by making the false confessions under extreme pressure

Bley said he signed the false confession after five sleepless nights under threat of removal to Communist China for execution as a war criminal

This period followed months of solitary confinement, frequent brutal mistreatment and near starvation the Santa Ana Calif officer declared He said he also suffered badly from wounds and from nervous afflictions so severe that he had to crawl on hands and knees

'After five nights I was mentally and physically broken Bley said

Brass Ousted By McCarthy

High Army Personnel Booted From Hearing

NEW YORK (AP)—Sen Joseph R McCarthy (R Wis) ejected the Army s chief counsel and a general from a closed hearing of his investigations subcommittee yesterday and angrily asked how a former major escaped court martial as a 'Fifth Amendment Communist '

Thrown out of the hearing were John G Adams chief counsel of the Army Brig Gen Ralph W Zwicker commandant of Camp Kilmer N J and his aides

After the session McCarthy heatedly told newsmen he had been questioning an unidentified lieutenant colonel and Zwicker about an honorable discharge given earlier this month to Dr Irving Peress a Queens dentist

Peace Parleys May Slow Up Action on EDC

PARIS (AP)—The Berlin conference s promise of Indochina peace talks posed a new obstacle today to speedy French action on the hotly disputed European army treaty

Following Big Four agreement to meet again April 26 to discuss prospects for peace in Asia even the supporters of the European Defense Community faced this dilemma

1 Press for the French National Assembly to ratify the army treaty at once—as the United States wants—and perhaps so anger Russia that she would not use her influence with the Chinese Communists and the Communists leaders of the Vietminh rebels to stop the war in Indochina or

2 Delay the Assembly vote on the army treaty until after the Geneva conference on Korea and

Senators Fear Charges Of Appeasing Red China

WASHINGTON (AP)—Representatives of the United States and its 16 Korean War allies meet today to decide how to write off the now bypassed preliminary peace talks at Panmunjom

They were expected to vote to forget about a Communist demand of nearly a month ago that the talks be resumed

Some members of the Senate Foreign Relations Committee in interviews yesterday professed to seek a risk of appeasement in the US decision to sit in on a conference attended also by Red China in a diplomatic, not military capacity

Sen Ferguson (R Mich) said it is a very calculated risk which might bring peace but if not would mean a gain for Russia and of the dangers of appeasement

And Sen Humphrey (D Minn) said he would insist on assurances against recognition and demand a specific answer as to whether this is a preliminary step '

Arthur H Dean special ambassador to the Panmunjom negotiations arranged to fly from New York for the United Nations allies meeting at the State Department

Dean a Wall street lawyer and former law partner of Secretary of State Dulles broke off the Panmunjom talks last Dec 12 after seven fruitless weeks of negotiations

Pacific Guard Tightened for H-Bomb Tests

By WILLIAM J WAUGH

PEARL HARBOR (AP)—Tough little destroyer escorts today patrol the Pacific west of the H bomb proving grounds on a 24 hour alert

They watch the skies and plumb the ocean depth with electronic eyes alert for any strange sub marines or—in the words of an officer—any sneak attempt by hostile parties to set up hop on deserted islands

These sea patrols are closely allied with an air patrol sweeping the skies from the Marshalls to Japan The patrols go on all the time but now with hints of impending H bomb tests at Eniwetok their presence is of even more significance

Having just returned from one of these sea patrol I can say that there is more than the usual alertness among the radar and sonar crews

Everyone in the Pacific s tight lipped about the test which soon may explode the world s most awesome weapon But you may be sure the Navy is quite aware of it

Officers shudder if the word "atom comes up in casual conversation You hear this from top officers on down I don t know anything about it and I don t want to '

The air lanes around Eniwetok are so strictly regulated that no civilian planes are allowed and the only military planes going there are those specifically ordered

A strengthened force of long range planes based at Kwajalein maintains special patrols for the upcoming tests

At the height of World War II, London was going through the worst bombing raids in history. Water mains were broken, and an epidemic could have broken out and wiped the population of London right off the map if it hadn't been for the "round the clock" work of British scientists
They found a germicide (germ-killer) which was non-injurious, non-poisonous, non-staining and yet so powerful that it killed all bacteria brought on by the bombed out conditions of London. The British Army later adopted HX ANTISEPTIC as its official germicide when the war was over. .

Silent Reds

By George Sokolsky

I have before me a circular giving instructions to the enemies within our country to pursue the line of silence. Don't talk. Don't in particular talk to anybody connected with the FBI.

SOKOLSKY

The circular ends with these slogans: "Confront the FBI with the working class dignity of Silence! "Defend free speech by Silence to the police agents of the war-making, fascist-breeding monopolists!

"Silence to the class enemy and its agents is devotion to the working class and the democratic traditions of our country!"

I wish that I could pursue the line of silence, particularly when the income tax forms come around. You and I are required by law to disclose all our affairs, our private deals, our income and some of our outgo, if we are self-employed and want deductions.

-:-

THE FIELD MAN, who shows up a couple of years later, asks whether you bought that very pretty woman a lunch to get information for an article or just to show your friends that you can still be seen with a pretty one.

None of us enjoy the right of silence, not if we want a job and the personnel man insists upon knowing all about our lives, habits, foibles, marriage history and why we think that we are so good You can accept the dignity of silence as a role in life, but you will never get the job.

The enemies within our country have issued 15 instructions to their slaves. The 15th instruction sums it all up:

"Remember this: the FBI agent has been sent out to bring back information. Conduct yourself in such a way that he will have to make this kind of report to his boss: 'I got absolutely nothing. Those people won't even open their mouths. They wouldn't even give me the right time!' "

They have a clear idea of how this agency works. It is in instruction 14:

"The FBI's pattern of spying is like a big jig saw puzzle. Every shred of information they get is fitted into place, helping them to complete that puzzle. There is no information which is not valuable to them. One small fact may not seem important — but it may lead them to another fact which is important."

-:-

THIS IS QUITE correct and is the only method that produces results for the FBI or any other investigative agency. Conspirators do not provide information about their conspiracy. One of their principal activities is to cover up, to hide under assumed names, to avoid detection, to confuse the hunt, to allay suspicion.

Most conspirators and spies have a coverup and a front, so that should their work be exposed, it will be very difficult to put a finger on the actual culprit and his favored accomplices. A smaller person is caught; the top man gets away.

Such top conspirators as George Mink and Gerhart Eisler got away; a small guy who signed petitions and joined front organizations is caught.

An investigative agency therefore picks up every little item and eliminates nothing. The raw files seem to be filled with rumor, gossip, small talk, even spite talk. When all these data are added to well-substantiated data, a mosaic appears on which is a well-designed pattern that points directly at the offender.

-:-

IN DUE COURSE, he may be exposed Whether he can be indicted is another matter; so many laws are written to aid the enemies of our country.

Every investigation is a fishing expedition whether it is for a murderer, a kidnaper or a spy.

Item 5 says:

"Remember that FBI men are trained and skilled operators. And their skill consists in one thing—their ability to make you talk. If you don't talk — their skill and training is for naught!"

Human beings cannot live down their pasts, which pop up to plague them at the wrong time. The pattern may be one of irresponsibility, of lechery, or selling one's soul for money, or of treachery.

A conspirator rarely is without some index to his character which shows a pattern of misdeeds. It is possible to find in his past an index to his present conduct.

That is why, in congressional investigations, it is so essential to go back many years, often to student days, to reconstruct the character of a man whose wickedness is inherent in the work he has chosen for himself

Dr. Schmuller Gives Talk to Local Group

Dr. Allen M Schmuller, psychologist in the Marion City Schools, was a guest speaker at a meeting of the Marion Association of University Women Tuesday evening in the YMCA.

In his talk, Dr. Schmuller, who is the first full time psychologist in the Marion school system, contrasted education in the United States and England. English students, he pointed out, are marked by their intensity, sincerity, and seriousness, and have a deep-seated respect for authority. He prefers education in the United States to that of Great Britain as "we do not take it too grimly."

In speaking of juvenile delinquincy Dr. Schmuller cited a number of contributing factors, listing among them the breakneck speed at which we are traveling, lack of money, and wrong kind of comic books and TV programs. Parents are often instrumental in starting youngsters off in the wrong direction, he said, and also pointed out that lack of respect of authority of parents usually accounts for lack of respect for authority of teachers. Maladjustments may be brought about by an unhappy home life, he added He gave as another reason for delinquency the fact that sometimes youngsters of foreign extraction feel discriminated against and will fight back.

GOP Woos Labor

By Victor Riesel

A recent long distance telephone call to Vice-President Nixon and a long standing breakfast appointment made by Secretary of Labor James Mitchell are significant clues to the Republican party's counter-offensive against the Democratic-labor coalition.

RIESEL

By this campaign within a campaign the White House intends to prove that labor can get a sympathetic hearing in this administration. It is the White House's answer to the Democratic party's charge that the GOP is anti-labor.

The phone call to Nixon stems from his visit to the AFL convention back in September in St. Louis.

There, at lunch, the ebullient Jimmy Petrillo cornered the veep and urged that the 20 per cent federal amusement tax be wiped out so that more people would go out on the town, to the theater or to the movies and make thousands of jobs for musicians and other entertainment folk.

Jimmy was invited to telephone when Nixon got back from his world circling trip. On the morning of Jan. 12, the phone rang in the vice president's office.

-:-

IT WAS PETRILLO saying howya, veep. They discussed elimination of the 20 per cent federal tax. Nixon said he realized that such action, or at least partially slicing the tax, would mean jobs — and he promised Petrillo he's try and deliver.

Jimmy wound up his phone call feeling he had a friend. That day in St Louis when the AFL convention froze up on the vice president and mocked his offer of friendship seemed a long, long way off.

Another side of President Eisenhower now trying to push that coolness out of labor's attitude is Labor Secretary Mitchell, who replaced the AFL's own Martin Durkin. Mitchell appears to have developed a passion for moving right into the labor leader's own ballwicks to tell his story.

Typical is his trip next week to Flint, Mich., a city which emotionally, if not chronologically, is the birthplace of Walter Reuther's Auto Union. Ask anyone who covered the sitdowns there back in the thirties. Recently, Arthur Summerfield, Jr., and some of his Republican colleagues decided to hold a "Lincoln Day" box supper in Flint's big IMA Auditorium on Feb. 23.

-:-

MICHIGAN is a pivotal state. And in Flint the big labor vote of 123,000 workers, 76,000 of whom are industrial hands belonging to AFL and CIO unions, might well be the state's power balance next November.

The Genessee County Republican Council naturally asked Ike's labor secretary to speak. He said he would, but requested that the regional AFL and CIO leaders be called in to discuss their economic problems with him. So a breakfast meeting was set up by the Republicans. The AFL and CIO agreed to share scrambled eggs with Ike's labor adviser.

Amazingly enough, Robert Carter, regional director of the Auto Workers, Reuther's own union, agreed to come and bring with him two staff assistants and the presidents of 12 CIO locals.

On the AFL side, the ranking federation official in town that day, Kenneth Wells, vice president of the Central Trades Council, will join the breakfast group with 11 AFL business agents.

At the table will be three Republicans in the sponsoring group, but the session will not be pitched on partisan politics. Mitchell wanted that made clear. There are problems, although, surprisingly enough, Flint is in fair economic shape, despite its being a concentrated auto town.

-:-

AFTER BREAKFAST, Mitchell, at his own request, will tour the plants with Carter and two CIO men, and Wells and two ranking AFL officials. Their tour will take them first into the AC Spark Plug Division, then the Pernstadt Division, the Buick B-H Engine Plant, Chevrolet and, finally, Fisher Body.

At the Buick plant, Mitchell hopes to get on line and draw his lunch, cash on the barrel head, in the employes' cafeteria — and take all questions, suggestions and complaints.

That night when he gets up before the 5,000 to 6,000 $1-apiece box diners, Mitchell plans to make what the White House believes will be the administration's first major labor policy talk — over a national radio hookup.

Obviously the site was carefully chosen. So was the speaker If anyone can tackle Walter Reuther, the man believed to be the Democrats' most formidable labor vote getter, it is Mitchell. As a department store executive, Mitchell dealt personally with militant CIO unions.

It's a sign of the times that the campaign begins in Flint.

New Mexico Man Dies In Chair for Murder

SANTA FE, N M (AP)—White-haired Arthur F. Johnson, 57, died in New Mexico's electric chair early today for the murder of an oil field worker nearly three years ago.

He was executed for the robbery-murder of William Cabrel in a Hobbs tourist court March 4, 1951 He went to his death calmly.

He maintained he struck Cabrel because he had raped Johnson's wife and molested his small daughter.

Mary Pickford

By Hal Boyle

NEW YORK (AP)—"Sure, the Irish drank goat's milk," said Mary Pickford, "That's how I have my vitality — because my ancestors drank goat's milk."

At 60, "America's Sweetheart" of yesterday still retains the simple charm that once made her the favorite of millions.

HAL BOYLE

"I'm the busiest woman in Beverly Hills—or any other hill," she said, smiling, as we sat in the living room of her hotel suite.

"I have a big house to look after, and my husband, Buddy Rogers, and my business interests—and the children, Ronnie and Roxie.

—:—

"ROXIE WILL soon be 12, but she's already four inches taller than I am She's horse crazy. But I'd rather look forward to her being horse crazy than boy crazy."

Mary also is active in half a dozen philanthropic and charitable enterprises. She recently completed her memoirs for McCall's magazine, and said she would like—after 20 years away from the screen—to return in one last film.

"It would be the story of my brother's life," she said, 'and end on that day in 1909 when I walked into the old Biograph studio and got my first movie job."

Mary rose from $40 to $10,000 a week in a few years, and piled up millions later producing her own films. This girl with the haunting face of a golden angel also had a cashbox mind.

"But I dislike business heartily," she said. "A lot of career women may not agree with me, but I don't think business is a woman's world."

—:—

HER LONG CINDERELLA story has had many bittersweet hours Mary said she had enjoyed so many happy moments in her life she didn't know which to name first.

"But there is no doubt about my most miserable moment," she said "It was the moment my mother passed on in 1928."

Here is Mary Pickford looking back at her life—a reverie aloud:

"The greatest picture ever made: My choice would be "Gone With the Wind.' Of my own pictures, I suppose I still like "Tess of the Storm Country' best. I made it twice—in 1914 and 1922.

"The greatest geniuses of the motion picture have been Charlie Chaplin and Walt Disney. After them? D. W. Griffith and Irving Thalberg Irving had a bad heart. He walked with death at his back He knew he had no time to waste on trivial things, or things half done. He died young.

"I made 50-odd feature pictures . . . We do look ridiculous in them today . . . And sometimes I feel like destroying my old films . . . Those awful clothes we used to wear . . .

—:—

"THEY CAN'T COMPARE with the pictures now, of course . But silent pictures did speak a universal languauge. I think we go in for too many sound effects now. The great ones avoid superfluous gestures and superfluous sound. But the great ones are all too few.

"They say the pioneers cut down the forests and make the roads and take the chances and then the gamblers come along and make the money.

Chance plays so important a part in an actor's life he needs that lucky break in life more than a writer does, or a producer, or a director.

"You know, in all of us are two people. I've always been unpredictable, even to myself. Nothing really pleases me that I do. My real fear is to be left alone in the world. Most of my people have passed on. Most elderly people are passed by . . . That frightens me.

"But when the Lord loves you, he gives you an insight . . . an understanding."

And Mary, whose golden curls are only a memory, looked up with her sweetheart smile of long ago.

Talks With School Head

German Visitor Observes Marysville Reformatory

GALION — "Usually when I have made a visit to a penitentiary or penal institution of any kind, I come away with a depressed feeling, but this has been a most enjoyable day — educational, inspiring."

This is what Miss Hilde Mahler of Cologne, Germany, said on her way back to Galion Thursday night, after a visit to the Reformatory for Women at Marysville. She came to Galion Wednesday night to make the Crawford County Children's Home her headquarters while she is in Ohio for two weeks observing various phases of social work. Her itinerary in Ohio was planned by Marvin Adams, executive director of the Crawford County Child Welfare Board, who also is superintendent of the children's home of the county.

Miss Mahler is one of the foreign student observors in this country through sponsorship of the National Social Welfare Assembly, Inc., as international exchange project, sponsored at the request of the Department of State.

"I never saw anything like it," Miss Mahler commented while making a tour through the buildings and grounds at Marysville reformatory. It also was a revelation to the Galion case wroker, Mrs. Harold Hartman, and the Star's Galion correspondent, who were making their first trip to the reformatory with Miss Mahler.

There are no walls, no guards, no guns and no runaways, a policy of the remarkable superintendent, Mrs. Marguerite Reilly.

"I don't know how to run a jail," she said in an interview in her room where she is recuperating from injuries received several weeks ago in an automobile accident. The interview was one of few granted to a visitor, but was requested by Mrs. Reilly when she knew of Miss Mahler's mission. The two women exchanged their views on methods of correction in their respective countries and on juvenile delinquency, which is becoming a world problem.

"We do not look behind these girls when they come here, but to their future. We want them to know that this is not the end of existence, to feel that they come here for a beginning," Mrs. Reilly explained. "We want this institution to function as a 'green light' to re-educate these girls, to make them feel that they have something in life to live for. . . . to make them hold their heads up," Mrs. Reilly explained when Miss Mahler asked her for reasons for the success of the reformatory.

Mrs. Reilly, head of the reformatory for 18 years, was a former assistant prosecuting attorney in Cleveland, with her own law practice, taught incorrigible boys and was at Hull House in Chicago.

The program at Marysville is one of vocational guidance, too. Besides Mrs. Reilly's well-known policies of cleanliness, good housekeeping, personal appearance (including compulsory regular trips to the institution's beauty parlor to help the girl's gain self respect), there are vocational courses.

"In our nurse's aid course we had enough aids to furnish two institutions during the war," Mrs. Reilly said. "There is a course in sewing on power machines, handicraft work. Girls are taught to make whole dresses, and not just buttonholes. They learn household arts and trades. All courses are planned to enable the girls to get jobs when they leave the reformatory," Mrs. Reilly explained. "Many go back to cities and earn $60-70 a week."

Rooms of the girls are immaculate, and individuality is noted as the girls select drapes and bedspreads from the institution's shopping center. Handicraft work of the women is in a display room where purchases may be made by visitors. Funds from this source are used to pay for recreation such as parties.

Miss Mahler was impressed with the beauty of the buildings. In Cologne, Germany, where she experienced many bombings during the war, Miss Mahler heads an angency for delinquent girls and women. Such an agency was not operating before the war. Immoral conditions existing under the ruins and in basements of demolished buildings made the agency a necessity. Most of the cases, including prostitutes and persons known to have venereal disease, have been picked up by the police, Miss Mahler said. The agency acts as a sort of hospital, home and advice center for those in trouble.

"I am learning that Democracy is not only a government — but a philosophy," Miss Mahler said. She said she is most impressed with the freedom of young people in the schools and the coeducational system. In Germany there is more attention to learning. Miss Mahler feels that some social life would help. Uusally an individual does not do things on his own initiative or think for himself, but always because a supervisor tells him to do it, Miss Mahler explained.

On her way to Marysville, Miss Mahler said she has been most impressed by meeting so many people in the United States from all over the world. "You have the German, the Frenchman, the Egyptian, the Italian . . . the whole world in this country, and it is wonderful what an opportunity you give them here. In Germany, we have just the German people, and the tourists," Miss Mahler said.

"I find that your women are so much more young than those in our country. I think that is because so many of them do other work besides their home work . . . while in Germany, a woman lives in her own little circle," Miss Mahler said.

"Your people are so much more free than the German people who seem to be more nervous, uneasy," Miss Mahler observed.

Morrow Jury Indicts Five, Hearings Set

MT. GILEAD — Five persons were indicted by the Morrow County Grand Jury this week.

Indicted by the grand jury and expected to be arraigned before Common Pleas Judge Leland Rutherford Saturday morning are the following: Charles A. Prosser, of Lexington, non-support of minor children; Garnard G. Richendollar, of Edison, larceny; Humphry Brown Jr., Mansfield, indicted for three counts, auto theft, larceny, and breaking and entering; Harold Jr. Pogue of Mansfield, non-support of an illegitimate child; and Robert Redick of northern Morrow County, non-support of minor children.

The grand jury recommended that the following improvements be made to the county jail:

That the kitchen be modernized; that a modern detention room for mentally disturbed persons be provided; that the prisoners' shower be repaired; that new mattresses be provided for all prisoners; and that suitable facilities for housing of juveniles be provided.

H. Fred Taylor was foreman of the grand jury. Other members were: Irwin Galleher, Eloise Jordan, C. A. Wallace, Tollie M. Feigley, J. E. Smiley, Grace Bennett, Van W. Jagger, Paul E. Stiffler, Ralph Gordon, Great Smith, Chester H. Kelley, R. Esther Miller, and Wesley Sellars.

Indochina, and run the risk of the American Congress cutting off all-important aid to France.

The conservative, neutralist afternoon newspaper Le Monde, an all-out opponent of EDC, probably sounded the rallying cry for the army plan's other numerous foes as it proclaimed last night:

"Solution of the Indochina problem is a prior condition to the ratification of EDC."

This was one of the first times this argument has been advanced to stall final action on the EDC treaty, which was signed in May 1952.

The final decision on when to put the treaty before the Assembly rests with Premier Joseph Laniel and his Cabinet.

Laniel has been working toward an Assembly vote during the second half of March or early April. It was not certain whether he would yield under the new pressure for further delay.

The Cabinet, awaiting the return of Foreign Minister Bidault from Berlin, may hammer out its strategy next week.

A new excuse for French delay on EDC would hit the U.S. Congress just as it prepares to discuss U.S. foreign aid appropriations. Many congressmen already are impatient at the delay.

armament under a resolution adopted by the United Nations General Assembly last Nov. 28. This resolution proposed secret big-power talks to speed arms reduction.

But the problems of Germany, Austria and European security were left unsolved when Soviet Foreign Minister V. M. Molotov, the chairman of the final session, rapped out adjournment at 7 p.m.

Secretary of State Dulles, due in Washington by plane late today, voiced "a large measure of regret" at the failures, which he attributed to a fundamental difference of views between the East and West.

"Our failures," Dulles said, "are of a kind which could not have been avoided by more diplomatic or negotiating skills at this conference. . . . All of our basic differences here have revolved around the question of whether it was right, or indeed safe, to give men and nations a genuine freedom of choice. The Western Powers were willing to place trust in the German and Austrian peoples. The Soviet Union was not."

Both sides gave ground on the Korean conference decision in Berlin. Molotov dropped his promotion of Red China as a sponsoring power. The United States waived its demand that the conference be two sided, with Russia sitting in only as a Communist belligerent.

The closing conference communique said the Geneva parley would be open to the Big Four, South Korea, North Korea and other nations whose troops fought in Korea. This excludes such neutrals as India.

ing hands and talking in low tones."

Miss Taylor said she heard no conversation.

"Tell what you saw," Prosecutor Theodore Lutz said.

"They were standing at the window, embracing," she said.

Lutz then summoned Miss Rozenman into the courtroom and Miss Taylor identified her as the woman with Sternbaum.

Defense attorney Paul Herbert asked only one question of the Marion waitress: "That was not a bedroom, was it?"

"No, it was not a bedroom," she replied.

For his part, Virgil Dye testified that Sternbaum had phoned ahead that afternoon to arrange the private party and that the bill had come to $23.80.

Miss Rozenman is expected to be the state's star witness against Sternbaum.

Racer Built Here 'Real Bomb,' Maker Declares

"Everybody said it was a bomb, the most beautiful car they'd ever seen." Harold (Monk) McCurdy and Harley Haines are back from Florida with their racing car, not in the least disappointed that the car Haines built by hand didn't win the race, but on the contrary highly pleased with its performance.

Haines went on to say, "I never even lifted the hood the whole time. The car runs like a top and its going to win a lot of races this summer. The other drivers know it is, too. We had five offers to drive for us, including one fellow who owns his own car, and we raced under the worst possible circumstances."

—:—

A VERY MUDDY track is one of those "circumstances," Haines explained. He said they arrived at the Florida State Fair in Tampa just in time for the final day's activities.

On the qualifying run, the local racer had to slow down to 40 miles per hour in some places because of the wet track. "Worst of all, on our best run the officials claimed the electric timer wasn't working, and we had to settle for a time other than our best. But we showed them what the car can do and gave the crowd quite a thrill," Haines said.

In the race itself a brake locked in one wheel. They pulled the sleek yellow racer off the track and investigated, finding that a piece of metal had become wedged between the brake and the wheel. "This wouldn't happen in 10,000 years," Haines laughed. "The wheel must have picked it up when churning through the mud on the track."

—:—

HAINES ISN'T SURE when they'll race again. "Probably around the first of April in Salem, Ind. That's when the season usually gets under way in the Midwest.

"They better watch out, too. This is a real hot car."

The racer, owned by McCurdy, combines a powerful engine with a special light weight frame Haines designed and built in his shop on Wilson Ave.

Training Course Being Planned For Employes of Restaurants

Training sessions for employes of Marion restaurants and other food service operations are planned by the city department of health, Dr. J. T. Gruber, chief inspector, announced today.

The purpose will be to instruct persons who serve food in proper methods of preparing and dispensing food, he said. Sessions will be held three or four times a year.

First session is tentatively planned for March 3 and will include movies supplied by the Ohio State Department of Health as well as lectures and demonstrations, he added.

Plans are still incomplete and it has not yet been decided who the lecturers will be. Attendance at each training session will be limited to some 25 persons. The program will be cooperation with the city and state boards of health.

City Sanitarian Joseph A. Purcell and County Sanitarian Ralph H. Augenstein are completing a two-week training course conducted at Delaware by the district office of the Ohio Department of Health.

During the schooling period they have studied the latest concepts and techniques of food service sanitation, Dr. Gruber said.

The state health department set up the training course to familiarize sanitarians in various cities with these concepts. Restaurant and other food service operation licensing was transferred from the state fire marshal's office to the health department by a new law adopted by the Legislature last year.

Dr. Gruber reported that 81 restaurants in the city have now been licensed to serve food. There are a total of about 140 food service operations in the city.

Voting

(Continued From Page 1)

Axe, president of the Marion League of Women Voters.

Base price of each machine at the present time, is $1,475, Gustavson told commissioners. However, this week his company submitted a bid to the Montgomery County commissioners offering to sell them 200 machines at a cost of $1,453 per machine at 2½ per cent interest.

If commissioners decided within the next 60 days that they would like to lease machines, Gustavson said his company would be prepared to have new machines in Marion in time for them to be used for the November election.

In Ohio, it has been the practice of counties to adopt and install voting machines on the promissory note plan, the representative explained. In Michigan, several counties first rented them on a trial basis to enable the voters to see if they liked using them, and later bought the machines.

The city of New York, which has 5,000 voting machines in use, has a reserve number of machines of 150 on hand. These reserve machines are used mainly to relieve unexpected congestion of voters at peak voting periods, Gustavson explained, rather than for emergency replacements.

In Hancock County, which has a total of 85 machines in use, two machines are on reserve status.

In answer to a question from Reidenbaugh as to the expected maintenance costs of voting machines, Gustavson answered that the experience of most counties has been that this is "practically nil." In New York some machines have been in use for 50 to 55 years, he said.

To aid in the preparation of the machines for elections, the voting machine companies have a service plan which begins with their sending a service representative a month before election time.

Under the supervision of the local board of elections, this service representative conducts an educational program of acquainting voters with machines, trains elections workers, oversees printing of ballot strips, and assists during the election.

As required by law, 30 days before election this man would inspect all machines and see that they are in working order.

For either the rental plan, or under the rental - purchase contract, the services of this company representative are provided by the company free for the first two elections.

The board of elections must appoint two local men, referred to as "custodians," to assume this responsibility in future elections. These men are trained by the company, Gustavson said that most elections boards make it a practice to appoint a Republican and a Democrat to these posts.

Bringing up a situation in a nearby county where 149 persons are seeking the same office in the coming May primary election, Reidenbaugh asked what could be done if a similar situation arose locally and voting machines were in use.

Gustavson pointed out that the voting machine under consideration for use in Marion County is equipped with nine party rows, each having 50 columns. Therefore, the machine has 450 voting levers.

Reidenbaugh and Mitchell visited Gustavson's company's plant in New York State several years ago when voting machines were first under consideration. Gustavson re-extended an invitation to commissioners and elections officials to visit his plant to see the machines under manufacture.

Commissioners did not indicate how soon they might reach a decision about voting machines.

Patrick, presiding for the meeting, reported that the other machine manufacturing company, The Shoup Co. of Philadelphia, Pa., had been notified about the meeting, but elections officials had not received a reply.

Thursday's meeting resulted from a request by commissioners last week for information on the cost of leasing voting machines. In January, the board of elections presented to commisisoners a resolution asking for the adoption of 77 machines in Marion County.

Otherwise, the excessive number of voters assigned to some precincts will force them to add 18 precincts for the November election, they said in their resolution.

Sternbaum

(Continued From Page 1)

that had not prviousl ybeens howne the court. That one showed Sternbaum on Feb. 12, 1951, sent roses to a "Rozenman" (no further identification) in Columbus.

Prosecutor Theodore Lutz has subpoened 70 witnesses altogether to testify against Sternbaum. Some 49 or 50 have been on the stand so far in less than two weeks.

Another witness this morning was the Sternbaum family physician, Dr. H. G. Knerim, who said he examined Sternbaum's head after he was injured Dec. 4, 1952. Sternbaum had said he was attacked by robbers who then killed his wife, as she went to pick him up at the office, and set fire to the office building.

Dr. Knerim said he had recommended X-rays of Sternbaum's head but had found no fractures.

Yesterday Miss Rozenman appeared in court briefly.

Prosecutor Theodore Lutz brought her into the packed court room to be observed by two witnesses. After being identified by them she looked at Sternbaum. He ignored her.

A television mechanic, John Drapp, said he installed a television set in Miss Rozenman's apartment Nov. 22, 1952. Fred Colton, his employer, said Sternbaum bought the set. Sternbaum's attorney did not contest the statement.

Police, Patrol List 2 Mishaps

Bicycle Rider Not Hurt in Auto Collision

A youthful bicycle rider escaped injury in one of two minor traffic mishaps reported today by police and the Marion post of the state highway patrol.

A bicycle ridden by Ruth Ann Mermann, 15, and a car driven by Jack P. Zink, 37, of Fremont, collided on Route 23 at 4:10 p.m. Thursday while Ruth Ann was turning into the driveway of her home, four-tenths of a mile north of the city. No injuries were reported, and only minor damage resulted to the bicycle.

Minor Marion Accident

One minor traffic accident was reported today by Marion police. It occurred at 4:15 p.m. Thursday in front of 254 E. Driver of the parked car drove off before his identity was learned.

Cheese Making Described in Kiwanis Talk

Frank Giessler of Van Wert, O., public relations director of the Borden Co., was guest speaker at the Marion Kiwanis Club weekly luncheon meeting Thursday at Hotel Harding.

Discussing "The World's Largest Cheese Plant and Its People," he illustrated his talk with colored slides showing the production of cheese. The pictures showed first the farm where the milk is produced, and then the factory at Van Wert, the world's largest, showing how various cheeses are made.

Mr. Giessler told his audience that the cheese business is picking up, stating that cheese eaten per person has increased from four and one-half pounds to seven and one-half pounds annually. He advised that people should eat and drink more dairy products to eliminate the surplus.

The speaker said three kinds of cheese originated in America—brick, cream and Liederkranz.

Speaking of the operation of the plant, Mr. Giessler said a total of 400,000 gallons of water are used each day to clean the factory. He also explained that the company furnishes uniforms and hairnets for the women employed in the factory.

Mr. Giessler was introduced by John Baxter.

A guest of the club was L. R. Hopkins of Columbus.

Sears Store Remodeling Slated For Completion in Two Months

Extensive remodeling of the Sears, Roebuck and Co. store at 231 W. Center St. is expected to be completed in about 60 days.

L. F. Rentz, store manager, announced that a one-story concrete building measuring 60 by 92 feet has been added to the present building. The new building, now ready for plastering, fills the space to the rear of the building formerly used for customer parking.

When completed, the new addition will house the present basement department, as well as plumbing, heating, building materials and auto accessory sections. It will connect with the rest of the store by a large center aisle passing through what is now the catalog section. To the rear of the addition will be a three-stall garage equipped to replace minor automobile parts.

Rentz said plans call for the present Sears farm store, located temporarily at 200 Oak St., to move into the basement. The store itself will be remodeled. Tile flooring will replace the wooden floors and the display windows will give way to a more modern straight visual front.

Other plans call for the catalog department to be moved from the rear to the front of the store and to have more catalog merchandise on display. The paint and sporting goods sections will be relocated on the main floor, also.

The store is conducting business as usual while the improvements are being made.

Federal Court Weighs Move On Truck Tax

CINCINNATI (AP)—A three judge Federal Court today had before it the question of whether the State of Ohio should be restrained from enforcing its new axle tax law pending a ruling on constitutionality of the act

The court—Judge Florence A Allen of the U S Court of Appeals and District Judges John H Druffel of Cincinnati and Lester B Cecil of Dayton—took the matter under advisement yesterday They received 15 affidavits from 31 truckers containing testimony that operation of the law would be unfair and discriminatory

They contended operation of the law which levies a tax of ½ of 2½ cents a mile on truckers having three or more axles would bring them to financial ruin

Radio and Television

By John Crosby

A Delightful Comedy

Television has never been very good at comedy — that is, dramatic comedy as opposed to say 'I Love Lucy.' I have watched numberless Robert Montgomery shows where the intent to amuse was clearly evident. Some of them held my interest as dramas, they just didn't make me laugh, though God knows they tried.

J. CROSBY

Then Judy Holliday came along in a featherweight operation called 'The Huntress' on Goodyear Playhouse last Sunday and showed the boys how it should be done. 'The Huntress' reminded me strongly of the best school of comedy of the movies in the 30s, the sort of foolery Clark Gable and Claudette Colbert engaged in in 'It Happened One Night.'

THE PLOT OF 'The Huntress' will hardly bear intelligent examination. A blonde secretary (Miss Holliday) quits her job, draws out her life savings ($5,000) and embarks on a campaign to marry a millionaire — a dramatic situation that seems to preoccupy a good many of our writers these days.

First stop on this quest is a course at a charm school and for the rest of the hour Miss Holliday's personality warred between pure charm school and her own naive or 'drop dead' instincts.

From the charm school she journeys to Las Vegas, the only spot she is assured where $94 will bring her in the proximity of millionaires. On the bus she meets a millionaire's son — well, I told you the plot defied the normal laws of chance — who is running away from an heiress. Presently along comes the boy's poppa, a malevolent millionaire if ever I saw one, who gives Miss Holliday a million dollars disinherits his son and then slyly implants in her the suspicion that his son only wants to marry her for her money.

IT'S A PREPOSTEROUS story all right but a perfectly wonderful vehicle for Judy Holliday. This girl's voice has about a dozen different ranges, each an exact reflection of her moods which fluctuate wildly. Every word comes out as if she had thought it up that minute and the thinking process hurt. Her face is a mirror of her timing a miracle.

Playing opposite her as the boy was Tony Randall who was just exactly right for the part and there were also some good performances by Raymond Bromley as the father and by Burt Thorn as an exasperated hotel clerk. Low bows are also due to David Shaw who wrote it and Vincent Donohue who directed it for one of the most delightful hours on television I've experienced for some time.

INCIDENTALLY, Philco - Goodyear Television Playhouse — Philco and Goodyear sponsor it on alternate Sundays (NBC TV 9 p.m. EST) — is setting the hottest pace in town. A week ago Sunday, the production was Hide and Seek with Mildred Dunnock and Betty Field and a week before that the play was 'The Brownstone' with Kim Stanley, Janice Rule and Eli Wallach.

Both plays — in writing, acting and direction — were just plain terrific, a word that is not bandied around here lightly. A great deal of credit must go to Fred Coe, the producer, one of the most high minded strivers after perfection in television today.

JUST PRECEDING 'The Huntress' on another network (CBS-TV) was Ed Sullivan's salute to Metro-Goldwyn-Mayer on its 30th birthday and this, too, was a whale of a show. There were tantalizing excerpts from great old MGM movies — Ramon Navarro in 'Ben Hur,' John Gilbert and Renee Adoree in 'The Big Parade,' Greta Garbo and John Barrymore in 'Grand Hotel,' Fred Astaire and Judy Garland in 'Easter Parade,' Gene Kelly in 'Singing in the Rain' and a lot of others.

With a bunch like that it could hardly fail to be an enthralling show but it raised some questions in my mind. I don't think it's quite fair for Metro to claim credit for the most popular picture ever made. 'Gone With the Wind' David O. Selznick made. 'With the Wind' and deserves every bit of the credit for it. Metro just released it.

ANOTHER POINT there was not a mention of Irving Thalberg who did more than any man to push the motion picture industry toward some semblance of maturity and who practically created Metro.

It might have been interesting, too, if Dore Schary had confessed that Metro's sagacity is not unlimited. At the very moment Schary was on CBS a big star and hot box office draw was starring on NBC's Colgate Hour. His name: Donald O'Connor, who was released by MGM as not being worth hanging on to. And he former Metro prop boy whom he studio released as Engelbert is now honeymooning in Japan. Name of Marilyn Monroe.

Marion Police Auxiliary Gives Report on Activities for Year

Marion's 15-member auxiliary police unit spent a total of 395 hours assisting regular city police, and in training during 1953.

In an annual report presented to Police Chief Thomas B. Coon at a meeting of the auxiliary held Thursday night, Captain Charles E. Knachel reported that each of the members worked as much as nine hours at a time in various duties.

Prepared by Paul S. Bell of the auxiliary, the report lists the number of hours spent by each member in each activity. Among the duties performed were such things as directing traffic and spectators at the annual Soap Box Derby event last summer, directing traffic at the Christmas parade, assisting police in various duties at fires, riding with regular police in cruisers to help patrol the city, and assisting the police in March of Dimes activities.

Guest speaker at the meeting was Patrolman Garnet Moore of the state highway patrol. He spoke on the organization and function of the patrol auxiliary and answered questions of the auxiliary policemen on various phases of police and patrol work.

The auxiliary police unit is a part of the State of Ohio, Fourth District, 41st Mobile Police Support Group, of the Civil Defense Corps.

Possibility of organizing a second unit to bring auxiliary police strength up to 28 men was discussed. No definite action was taken on this plan.

Captain Knachel is in charge of the group, and next in command are lieutenants Emmett E. Hodges, Paul S. Bell and Ivor Huntsman.

Other members are Clifford George, Cecil Daniel, Gale Moore, Glenn Moore, Paul J. Bell, Alfred Alexander, Grand Fletcher, Donald Lister, and William Noel.

Likeness of Horse Good, Rider Bad, Artist Faces Suit

CINCINNATI (AP)—Kenneth Hoober says the painting is a good likeness of his horse, but poor of himself.

So poor he filed suit yesterday asking $5,250 damages from the artist and a company which circulated the picture, because it subjected him "to humiliation and ridicule."

The defendants are Jackson Grey Storey, the artist, and the Ralston Purina Co. of St. Louis.

Hoober, a cowboy horse trainer, said he agreed to allow use of the picture on the cover of a cattleman's magazine, but Storey later sold it to Ralston Purina, which circulated it.

Storey named the painting "The Cowman's Faith."

EYEFUL FOR THE BOYS. Curvaceous Marilyn Monroe, wearing a low-cut cocktail dress, displays her talents to Marines at the first show of her four-day Korean tour. Cheers, whistles, and popping eyes greeted the film star as more than 30,000 service men crowded into her first three shows. Marilyn's famous husband, Joe DiMaggio, was in Tokyo coaching Japanese ball players.

American Legion Post Emphasizes 'Back to God' Move

February as the special month of a "Back to God" movement which the American Legion is backing nationally as both a spiritual and patriotic necessity in America, was discussed at a meeting of Post 584 at the Veterans Memorial Home on Delaware Ave. Dale Brown, commander, presided. Attention of the members was called to national television programs featuring prominent clergymen of various faiths put on in the interest of the movement.

It was pointed out that the American Legion, pledged to "service for God and country" recognizes the "spiritual foundations of our freedom" and its belief that "to preserve this freedom a spiritual reawakening of the people of the United States is imperative." Further tenets held are that "this is a program in which Americans of every faith can take part" with a recommendation for "return to the fundamentals of our faith: prayer, regular attendance at church, family devotions, Bible reading, and religious instruction of children."

Plans were completed for taking part in welcoming the national commander, Arthur Connell of Indianapolis, Ind., on his visit to Marion on March 24 by attendance at a luncheon in his honor set for 11:45 a.m. that day at the YMCA together with other veterans groups from throughout the area.

Announcement was made of the post's dance on Saturday night, Feb. 27, at the Moose Lodge social rooms on the second floor at 152 N. Main St. To close the meeting a social hour was held with serving of refreshments.

Harding Travels to Fremont; St. Mary Plays Finale

Prexies Seeking To Block Ross' Bid for League Title

Harding travels to Fremont tonight for a crack at the Buckeye League leaders and a chance to move out of the league cellar spot.

Winning an overtime battle from Fostoria here last week for its first Buckeye League victory, Harding is presently tied for last place in the loop with Tiffin Columbian.

Both quintets own 1-7 league ratings. While the Prexies are battling Fremont, Tiffin will be going against Fostoria.

Tonight's game will be a "must" for the Ross team. Fremont's title hopes were endangered last week when Findlay upset the state-ranked Little Giants 65-56 to remain in the running for the Buckeye League crown.

Fremont presently owns a 7-1 mark in the league while both Findlay and Bowling Green are breathing down its neck with 6-2 league slates.

Fremont took an earlier Harding game 72-63 only after the locals had led for most of the way.

Harding barreled into a 26-13 lead in the opening period and seemed on its way to a victory. However, Fremont tied the score and after dropping behind 32-21 at halftime took the lead in the fourth quarter.

The locals led 57-52 early in the final stanza before Dave Schnelker, Harding's ace rebounder and scorer, departed on his fifth personal. Then before the locals could stop the Giants, they had rolled ahead 64-58 and were on their way to the victory.

Fremont is expected to go with Tom Miller, a 6-3 junior, and Henry Tiller, a 6-0 junior, at the forwards; Dean Doren, 6-4, at center; and Jack Baron, 5-7, and either Charles Black, a 5-11 senior, or Ted Houghtaling, a 5-10 senior, at the guards.

Miller pumped in 23 points in the previous meeting with Harding while Doren added 11. Baron collected nine, Houghtaling accounted for eight and Black added five.

Harding will probably go with Bob Hamor and Max Kaelber at the forwards; Dave Schnelker at center; and Ron Conroy and either Don Smith or Doug Bibler at the guards.

Conroy is pacing the Harding attack to date with 221 points. Hamor has accounted for 158 while Bibler has pushed in 144 and Smith 141. Schnelker has 133 and Kaelber an even 100.

The locals will be after their eighth victory of the campaign. The win from Fostoria last week boosted the Harding season record to 7-10.

Prior to last week's win, Harding has lost two straight and five of its last six outings. In two of those encounters against Buckeye League foes, Harding had dropped one - point decisions — to Bowling Green 63-62 and Findlay 55-54.

Tonight's contest will mark Harding's next-to-last game of the regularly scheduled season. The Prexies close their season next Friday against Tiffin Columbian here.

Then the locals will be ready for action in the sectional tournament here. Drawings for it are to be made Saturday morning at Harding High School.

Niagara Takes Invitation for Action in NIT

By RIP WATSON

NEW YORK (AP) — The annual grabbing game between college basketball's big postseason tournaments is on in earnest today with the National Invitation Tournament running up a 6-4 lead.

The National Collegiate Basketball Championships gained some ground on the NIT yesterday, naming two teams to the one selected by the invitation tournament. The NCAA actually has an advantage: 15 of its 24 berths go automatically to conference representatives.

The NIT reached the halfway point, naming Niagara immediately after the Purple Eagles put on a stylish display in whacking New York University 72-54 in Madison Square Garden.

Earlier in the day the NCAA announced that Oklahoma City would play Bradley on the latter's court March 9 in a first-round game. The winner will meet the Big Seven champion, which draws a bye, in the second round. Colorado and Kansas currently are tied for the Big Seven lead.

Yesterday's selections leave the NIT with two teams in the top 10 of the latest Associated Press poll, two in the second 10 and two unranked. The NCAA so far has one top 10-er, one in the second 10 and also two unranked.

Along with Niagara, the NIT has Duquesne, No. 1; Western Kentucky, No. 4; Wichita, No. 15, which trimmed St. Louis 79-73 last night; Dayton, No. 17, and Louisville.

The NCAA has Seattle, No. 7; Oklahoma City, No. 16; Bradley, and Idaho State.

Kentucky, ranked just behind Duquesne, took another step toward the NCAA last night by turning back Tennessee 90-63 for its 20th victory without defeat. That makes the Wildcats 11-0 in the Southeastern Conference to Louisiana State's 9-0 mark. If they keep on winning, they'll play off for the conference title and ensuing NCAA berth.

Seattle, like Bradley and Oklahome City a Western "at large" team, will meet Idaho State at Corvallis, Ore., March 9 in an NCAA first-round game. The winner will play the Pacific Coast Conference champion, which could be any one of a half-dozen teams.

Frank Selvy moved one step closer last night to a grand slam of major college scoring records by tossing in 45 in Furman's 93-49 win over Mercer. His 21 free throws made his career total 625, bettering the 611 mark of Walt Dukes, Seton Hall's 1953 All America center.

The one mark still to go for Selvy is the season free throw record of 332 set by Johnny O'Brien, also a 1953 All America player. Selvy has 286, with four games and the Southern Conference tournament still to play.

In other games on last night's skimpy schedule, Maryland, No. 11 team nationally, got a basket by Gene Shue and two fouls by Bob Kessler at the end to turn back Georgetown 53-50, and Colorado A&M, No. 19, trimmed Colorado State 68-56.

Irish Quintet Winds Up Regular Season Tonight

IN SEASON FINALE. Members of St. Mary's varsity basketball team will wind up their regular season action tonight by playing host to Marysville at the Coliseum. Members of the team include, left to right, Dan Merchant, Dick Micheli, Jerry Cornely, Pat O'Connor, Jack O'Keeffe, Mike Anderson, Gary Howman, Don Shoemaker, Larry Ryan, Roger Micheli, Dave Kraft, Jerry Ballenger and Johnny Messenger. In front of the players is Bob Schmidt, manager.

Irish Facing Rugged Test Against Lanky Marysville

St. Mary's Irish close their regularly scheduled basketball season tonight when they face a formidable Marysville quintet at the Coliseum.

The visitors bring an 11-7 record here for their final game of the season after getting off to a slow start.

Marysville has improved steadily since losing early season tilts to Mt. Gilead and Delaware and had won seven straight before bowing to Grove City 70-58 Tuesday night.

The Irish, as in nearly every other game all year, will be troubled with a height disadvantage.

3 SIX-FOOTERS

Coach Warren Widner is expected to start three six-footers and has another available for duty. Expected starters are Ed Nicol, 6-2, and Larry Coder, 6-0, at the forwards; John Fox, 6-2½, at center; and Max Lowe, 5-10, and Dick Shearer, 5-9, at the guards.

Nicol, Coder and Fox all lettered last year for the Monarchs. Although Nicol starts at a forward position, he will play the pivot.

Also ready for service is Dick Park. The 6-2 eager might be placed under the basket for more height, replacing Shearer, while Coder will come out for floor work.

Nicol and Coder are the big Marysville scoring threats. Nicol has been hitting for nearly 20 points a game while Coder is averaging approximately 15 in each contest.

The Irish will be attempting to break out of a slump of bad ball handling and poor shooting in their past two games. Losses to Delaware 50-47 and Fredericktown 74-53 snapped a four-game winning streak and lowered the St. Mary season record to 12-7.

After winning four of their first five games, Marysville ran into difficulty in the next five. Lone loss in the first five games was a 62-53 decision to Delaware in the third game of the season.

Then the Monarchs dropped verdicts to Bellefontaine 63-52, Mt. Gilead 75-52, Worthington 48-42, Westerville 74-63 and London 46-41. Seven straight wins followed, with Marysville clipping Hilliards 51-41, Grove City 50-43, Worthington 48-32, Westerville 49-43, London 52-42, Plain City and Hilliards 68-45. Opening season wins were from Plain City 52-49, Richwood 59-44, Big Walnut 48-42 and Northeastern 59-50.

Against common opponents, the Irish have defeated Mt. Gilead 55-49 after dropping a previous 53-51 encounter to the Indians, Richwood 72-50, and lost to Delaware 50-47.

Irish Starters

Coach Ray Robbins is expected to start his usual combination of Mike Anderson and Jack O'Keeffe at forwards; Roger Micheli at center; and Jerry Ballenger and Butch Merchant at guards.

Anderson is pacing the Irish offense with 274 points in 19 games for a 14.0 average per game. Micheli has parted the nets for 206 points while Merchant has dropped in 188 tallies. Ballenger has accounted for 74 markers and O'Keeffe for 69.

John Messenger, who is expected to see action for the locals, has 81 points this season and Larry Ryan, who is also expected to break into the game tonight, has 45.

Tonight's game will prepare the Irish for their final tournament appearance at Westerville Wednesday against Granville.

Three 1,000 Games Rolled in Tourney

Three teams fired games of 1,000 or over Wednesday night in the Men's City Bowling Tournament here.

Marion Machine Tool hit 1036, General Excavator Dubbers, 1003 and 1007, and Marion Star 1022.

Dubbers moved into third spot in the team event as a result of its performance. Draglines with 2987 sets the pace, with Bordens second at 2959. Excavator Shop with 2913 and Erie No. 7 with 2907 are fourth and fifth.

Doubles and singles in the tournament will get underway again this weekend with three shifts, at 1 p.m., 3 p.m. and 7 p.m., scheduled Sunday.

Morral Fire Fighters Plan Fox Hunt Monday

A fox hunt sponsored by the Morral Volunteer Fire department is scheduled Monday.

Participants are to assemble at the fire house at 10 a.m. with guns. The hunt will last until 5:30 p.m. Lunch will be served at noon.

Scene Peaceful

Oliver, Francis Satisfied, Will Stay at Rio Grande

COLUMBUS, Ohio (AP) — Things and stuff from here and there:

Everything appears peaceful down along Raccoon Creek in the Gallia County hill country. Basketball Coach Newt Oliver of Rio Grande College seems to have settled any differences with the school officials.

Rumors have been rampant that the fiery mentor wanted more dough than his $3,600 per year, that he'd like to play more than the 25-game limit laid down by school officials, and that he'd appreciate a bit more "say" about athletic policies. Other reports had it that the little fellow and his big star, Bevo Francis, might desert the rolling Redman campus for larger and more fertile fields.

But Newt said today he and Bevo weren't planning to go anyplace, and that they "have officials designated to run this school, and that includes the athletic department."

Little Newt and Big Bevo have been quite a combination. Since they came together as coach and player at Wellsville High School three years ago they've teamed up for 80 victories in 86 games. They had a 23-2 season at Wellsville, and the overall mark at Rio Grande is 57-4. Prior to Wellsville, Newt coached at Upper Sandusky High School where his non-Bevo teams won 27 and lost 13 in two seasons. That gives him a 107-19 lifetime record.

Denny Shute, Akron Portage pro, has donated to the USGA museum and library the brassie which helped him with the British Open championship in 1933 . . . Dick Shrider bought a new gray suit for the game between his redhot Gallipolis High School Blue Devils and Logan last week, but his team dunked him, new suit and all, under the shower after the 75-41 win which gave the Devils the undisputed SEO league title.

Coach Phil Shipe will hold his fourth annual football clinic at the College of Wooster April 10, with the state's leading college and high school mentors as teachers.

Tom Jones, Miami's nationally ranked shoptutter—winner of the Michigan AAU and Michigan State relays in his first two indoor ventures—will compete in the National Indoor AAU meet in New York Saturday. Tom, a 6-foot-5, 246-tackle recently drafted by the Cleveland Browns, has the country's best mark with the lead ball of 55 feet, 4⅝ inches.

Kent State has lined up a nine-game football slate for next fall, including five against Mid-American Conference opponents—Western Reserve, Ohio U., Marshall, Bowling Green and Western Michigan. Other foes are Waynesburg (Pa.), Baldwin-Wallace, Akron and John Carroll.

Mark Davis of Marietta's newly crowned champions is leading the Ohio Conference cagers with a 24.7 average. Tied for second at 22 are Akron's Jim Fenton and Capital's Bob Bernlohr.

Seton Hall Hit For Violations Of NCAA Codes

CHICAGO (AP) — Seton Hall was reported to be on a list of alleged violators of the National Collegiate Athletic Assn. code today as the NCAA committee on infractions began reviewing cases of possible nonconformity.

The identities and number of member schools under surveillance were kept confidential by the committee.

The Chicago Daily News said it learned Seton Hall—a consistent basketball power—was under investigation allegedly for holding basketball tryouts for high school players at Chicago and other cities.

Seton Hall sources at South Orange, N. J., said the school's vice-president and athletic council chairman, Rev. John Feeley, would be in Chicago to appear before the committee. The committee will be in session through Sunday.

Alston Starts Work

OXFORD, Ohio (AP)—Walter Alston, heading for his debut as a major league baseball manager, was scheduled to leave his home at nearby Darrtown today for the Brooklyn Dodgers' preliminary spring training camp at Vero Beach, Fla.

Alston, who managed Montreal of the International League last season, was named several weeks ago to succeed Charlie Dressen as pilot of the National League champion Dodgers.

Record Purses Arranged for State Fair Run

COLUMBUS, Ohio (AP)—Near-record purses of $48,100 will be distributed for the Ohio State Fair's harness racing program, Aug. 28 through Sept. 3, Speed Supt. Frank Foster said today.

The purse figure has been topped only once in Ohio State Fair history, $48,500 having been paid out last year.

The program will open on Saturday, and be resumed Monday through Friday. Four filly races, in the two and three-year-old trotting and pacing divisions will be held opening day. Each will go two heats and be worth $2,000.

The 36th renewal of the Governor's Cup for three-year-old trotters will be held Thursday, Sept. 2. The $4,000 Commissioner of Agriculture race for three-year-old pacers is set for the day before the governor's classic, and will be a preview for the $70,000 Little Brown Jug to be contested three week's later at the Delaware County Fair.

Foster said owners have until March 15 to nominate their horses for the state fair events.

Hardin League Champs Take Opening Game

FOREST — Mt. Victory and Alger advanced in opening round play of the Hardin County Class B Basketball Tournament last night at Ada.

Mt. Victory, league champ eliminated Ridgeway 56-48 while Alger ousted McGuffey 55-49.

Forest takes on Hardin Northern tonight in the only tourney schedul on Taft gymnasium floor.

Ridgeway gave Mt. Victory a stubborn fight for the first half, trailing only 25-24, but Coach Frank Diehl's cagers steadily widened their advantage in the second half for the win.

Jim Harrison popped in 18 points for the winners while Jack Jolliff added 15. Phil Clark parted the nets for 14 Ridgeway points.

Alger came from behind in the last four minutes to nip McGuffey.

The losers raced to a 20-14 lead in the opening period and led 27-26 at halftime but the score was knotted up 41-41 at the start of the final period.

Ernie Risner had 22 points for Alger while Bobby Paul hit for 15 McGuffey points. Eddie Armentrout added 14.

Mt. Victory and Alger will collide next Tuesday night while the winner of the Forest-Hardin Northern battle tonight will take on Roundhead, which drew and opening round bye, the following night. Finals are set for Friday night.

Castellani Favored To Whip Durando

NEW YORK (AP)—Ernie Durando pits his vaunted right-hand wallop against the boxing skill of Rocky Castellani tonight and the boxer is a 2-1 favorite to win.

Castellani, of Cleveland, No. 1 middleweight contender, is risking a possible title shot in this third and "rubber" meeting with the power puncher from Bayonne, N.J.

They will have it out in a 10-rounder in Madison Square Garden which will be broadcast (ABC) and telecast (NBC) coast to coast starting at 10 p.m., EST.

It is generally conceded, even by Durando, that Ernie must get in at least two solid punches to win. The stocky, 27-year-old Durando nailed the 26-year-old ex-Marine just three times with solid whacks in their previous 17 rounds and three times Casty hit the deck.

In his first professional bout on Nov. 6, 1947, Dan Bucceroni knocked out Bob Payne in one round.

Morral, Waldo Notch Wins in Consolation Bracket

LaRue, Caledonia Dropped; Title Clash Set for Saturday

By FRED THOMAS

Waldo nipped LaRue in overtime, 46-45, and Morral rallied to defeat Caledonia, 53-49, last night at the Coliseum to enter the consolation finals in the Marion County basketball tournament.

Waldo will face the Wildcats at 7:30 p.m. Saturday preceding the championship game between Claridon and Prospect at 9 p.m.

Caledonia had an upset in the making last night, jumping off to a 13-point lead in the second period and leading for the first 20 minutes, but Junior Bell's brilliant scoring kept Morral in the tournament. Bell dumped in 8 field goals and 8 free throws for 24 points.

Green Scores Early

With Joe Green connecting on his first six field goal attempts, the Donians sped in front and led until four minutes were left in the third quarter. Green's 21-points weren't enough as the taller Morral quintet, playing only five men, held the lead for the last 12 minutes.

Caledonia's Erv Hunt and Morral's Clair Hensel followed Bell and Green in scoring, Hunt notching 11 points and Hensel 10.

With Green pouring in 10 points, Caledonia whipped to a 19-10 lead after the first quarter. Trailing 24-11 late in the second period, Morral hit for nine straight points to make it 24-20 at halftime.

Bell, who had seven points in the first half to 13 for Caledonia's Green, scored nine points early in the third quarter to put Morral ahead. Caledonia's last lead was 33-32 when Hunt made a jump shot, but the Donians tied the game three times after that.

After the third period ended in a 39-39 deadlock, Morral scored eight straight points with Bell hitting twice, and Hensel and Jim Shiflett each once. Caledonia cut the margin to 47-43, and 51-47, but lost starters Gene Rice and Doug Whiteamire on fouls.

Winners Stall

A stall by the Wildcats in the final two minutes forced Caledonia to foul and free throws kept Morral on top, 53-49.

The pattern in the Waldo-LaRue game was much the same as Waldo trailed for more than three periods before gaining a 45-45 tie at the end of regulation play. George Yake's free throw, with eight seconds to play in a 3-minute overtime, gave Waldo its victory.

LaRue had leads up to 10 points in the first half before slipping behind, 43-37, in the final period. The Indians trailing 45-43 with 23 seconds left, carried the game into overtime on Larry Hickman's jump shot.

Hickman led all scoring with 18 points while Don Yake and Keith Augenstein paced Waldo with 17 and 10 points.

Hickman connected on three field goal attempts to set LaRue off to a 14-9 first quarter lead. The Indians upped their margin to 20-10 before Waldo began hitting. The halftime score had LaRue ahead 29-24.

Don Yake tallied five points early in the third period to tie the game at 31-all but LaRue stayed ahead at the quarter, 36-34. Don, George and Dale Yake and Augenstein all connected to shove Waldo ahead, 41-36 as the final period opened and LaRue trailed till the last minute when Keith Cooper's jump shot made it 43-43.

Score Tied

Dale Yake's drive in with 30 seconds left put Waldo ahead, 45-43, but Hickman tied the game with 23 seconds to play and it went to overtime. LaRue missed four free throw attempts in overtime and Waldo made it's only charity try as neither team could hit from the field.

Waldo played without Coach Ralph Weber who was in bed with the mumps.

RICHWOOD—Byhalia and Magnetic Springs barged into the finals of the Union County Tournament's championship bracket with wins last night at Marysville.

Byhalia nipped Richwood 38-37 while Magnetic Spings upset seeded Union 55-50.

Richwood pulled into a 14-11 lead in the opening quarter of its game with Byhalia but the winners built up a 31-27 lead in the next two periods and held on for the win. Both clubs played cautious ball and both hit under 30 per cent of their shots from the floor.

Larry Lingrel dropped in 17 points for Byhalia while Olen McAllister added 11. Tom Shields was the big gun for Richwood with 20 while John Coder added eight.

Magnetic Springs built up a commanding lead in the second and third periods against Union for its win. The losers were trimming the winners' lead in the final quarter when the clock halted their drive.

Union held a 12-11 lead at the first quarter but Magnetic Springs pulled ahead 29-22 at halftime and led 45-32 at the three-quarter mark.

Bill Parrott paced the winners' attack with 24 points while Lowe added 15 and Peoples hit for 10. George Brooks pushed in 13 points for the losers. Coe added 11 and Woodworth 10.

Iowa Gridder Killed

LUKE AIR FORCE BASE, Ariz. (AP)—Lt. John G. Towner, 23, of Des Moines, a former University of Iowa football player, was killed yesterday in an F84 plane crash.

Marion Skater Grabs Lead in Notching Goals

Marion's Gordon Vejprava has taken over the International Hockey League lead in the goal department according to latest figures released from the office of the IHL.

Vejprava, who continues to pace the league in hat tricks with five, has shoved 45 goals past enemy goal tenders this season. However, he ranks only ninth in the IHL scoring derby.

Teammate Kenny Schultz, who is the third-ranking IHL scorer, trails him in number of goals with 43.

Schultz, with also 42 assists for 85 points, trails Johnstown's Don Hall and Toledo's Dick Pontarollo in the league scoring race. Hall has 92 points on 36 goals and 56 assists while Pontarollo's total of 90 points has come from 41 goals and 49 assists.

Hall thus leads the IHL in points and assists while Pontarollo leads in winning goals with nine.

Ahead of Vejprava in the scoring race are Roy Hammond of Toledo with 32 goals and 47 assists for 79 points; Billy Goold of Cincinnati with 24 goals and 53 assists for 77 points; Arnie Schmautz of Johnstown with 32 goals and 43 assists for 75 points; John Kovich of Toledo with 27 goals and 46 assists for 75 points; and Ken Biggs of Cincinnati with 23 goals and 50 assists for 73 points.

Vejprava is slightly ahead of Fraser Kilpatrick of Johnstown who has 33 goals and 36 assists for 69 points.

Ed Montigny of Grand Rapids is the IHL's bad boy, having spent 187 minutes in the penalty box. Bill Tibbs of Toledo has the best goalkeeper's average, 2.43, while Cincinnati's Charlie Hodge leads in shutouts with eight.

SHORT SPORTS

By John Short

SHORT

Tuesday night at Fredericktown many St. Mary basketball fans walked away convinced the Irish had just turned in their poorest performance of the campaign. And they were right.

But the few who were predicting the team would fold for the rest of the season were 100 per cent wrong. The entire team jumped off on the wrong foot and was never able to right itself during the first half. Nothing went right and the squad became steadily worse during the first two periods.

Coach Ray Robbins and the boys themselves were the first to point to the below par performance. The 19-point defeat, 73-54, was the worst whipping handed a St. Mary squad in the past five years.

The day after the game, Robbins greeted his charges at the YMCA floor with the sad statistics and the squad was eager for drill sessions. Since the Tuesday loss, the cagers have regained their spirit and bid fare to cause someone a lot of trouble.

Marysville's Monarchs could find themselves in for trouble tonight at the Coliseum and Granville probably is in for a rough evening next Wednesday when the Irish appear in the tournament at Westerville.

—:—

MEMORIAL COLISEUM and its board of governors, during the planning period for the formation of the Marion Barons, took quite a pounding from those fans who feared a hockey team would force basketball action out of the building.

Some grumblers can still be heard despite the fact that every team which played at the Coliseum last year is still performing there with the exception of Harding High School, which now has a king-size floor of its own.

One fan hit us the other night with the complaint the Coliseum wasn't built to serve as the home of a hockey team. It should be used hockey team. It should be used solely for basketball, wrestling and boxing, he charged.

From the time the building was first organized, he was told, a small group of Marion residents began looking toward bringing hockey here and providing a place for public skating. The grumbler continued his attack and demands for limiting its use to boxing and basketball until he was informed the present Madison Square Garden was opened with a hockey game before its first prize fight.

The event occurred Dec. 15, 1925, and pitted the New York Americans against the Montreal Canadiens.

Ring Officials Ousted After Davey Defeat

LOS ANGELES (AP)—Controversial Art Aragon of Los Angeles held a decision over southpaw Chuck Davey today and two officials of the bout were under suspension as a result of the disputed decision.

Touching off an immediate roar of disbelief and disapproval from most of a turnaway crowd of 10,400 fans, Los Angeles' self-styled Golden Boy was awarded a split decision at the end of 10 rousing rounds at the Olympic Auditorium last night. The match was not televised.

Chairman Tony Entenza and Commissioners Everett Sanders and Norman Houston of the California Athletic Commission went into a hurried conference within a matter of minutes.

Soon after, Sanders hustled down to Davey's dressing room and announced that the two officials who had voted for Aragon, Referee Mushy Callahan and Judge Joe Stone, had been suspended.

"This is the worst decision I have seen in many years of attending fights," Sanders told Davey, newsmen and a room crammed with hangers-on.

Callahan, a former fighter and a veteran referee, scored the fight 56 points to 54 for Aragon. Stone scored it 55½-54½ for Aragon, under the California 11-point-per-round system.

Charlie Randolph, the other judge, called it for Davey 58-52.

The Associated Press had it 56-54 for Davey, with the Michigan State College graduate winning six rounds, losing three and one even.

Aragon was a 2-1 betting favorite.

Sanders called for a hearing Feb. 24. He said it probably is impossible to reverse the decision, but he declared:

"We are going to cut out these bum decisions and the split decisions. We will not tolerate such a lack of uniformity."

North Robinson, Sulphur Win, Enter Semi-Finals of Tourney

BUCYRUS — North Robinson won its way into the championship semi-finlas of the Crawford County Class B tournament by upsetting New Washington, 63-61, in an overtime thriller here last night. Sulphur Springs, the tourney's No. 2 team, also won a semi-final berth by turning back a stubborn Leesville quintet, 62-50.

In a consolation bracket game, Lykens downed Holmes - Liberty, 51-45.

The Robinson - New Washington clash ended in a 55-all deadlock at the end of the regulation playing time when Bill Cleland pumped a bucket through with 10 seconds left.

In the overtime period, Chuck Grove got two baskets and big John Blackford got one more while Ron Johnson dropped in two free throws for nine points. New Washington was held to six free throws.

Blackford copped the evening's scoring honors with 30 points. Grove got 17 for the winners. Bill Heydinger was high for New Washington with 21 followed by Cleland with 18. The win was Robinson's sixth in 19 starts and it was New Washington's 8th loss in 22 games.

Ron Kalb led the Sulphur attack in a big fourth quarter, cinching the game for the Yellow Jackets. Kalb got 23 points. Big Joe Smith tossed in 18 for Leesville, including 10 in the third period.

A big second quarter gave Lykens its advantage over Holmes-Liberty, which made its final tourney appearance.

In Saturday night's games, Whetstone plays Chatfield in a championship flight contest. Consolation games include Lykens vs. New Washington and Tiro vs. Leesville.

Louisiana Decides Not To Retaliate On Axle-Mile Tax

COLUMBUS, Ohio (AP)—Louisiana has decided not to take retaliatory action against Ohio trucks because of this state's axle mile tax on the vehicles.

State Tax Commissioner Stanley J. Bower said yesterday he had been informed by Louisiana Asst. Collector of Revenue John F. Boyle the southern state plans to abide by reciprocal agreements with Ohio on truck taxes.

Louisiana was one of 10 Southern states which threatened to break off reciprocity with Ohio because the Buckeye state refused to grant exemptions to out-of-state trucks from the axle-mile tax. Louisiana notified Ohio in December it planned to break off reciprocity agreements March 1.

STEVE CANYON By Milton Caniff

HOW DO I KNOW YOU'LL SPLIT THE TAKE WITH ME IF I GOOF OUT SO YOU CAN PILOT THE AIRCRAFT WHEN HERSELF MULDOON'S NEXT HEROIN SHIPMENT IS READY TO FLY OUT OF RED CHINA?
I HAVE MONEY- I'LL GIVE YOU YOUR CUT IN ADVANCE!... DON'T TORTURE ME, CANYON! GET ME A PING! I'M GAPPING!
WHY WOULDN'T MULDOON USE ONE OF THE OTHER PILOTS IF I'M OFF 'SICK'?
THEY'RE ALL FROM COUNTRIES THAT TRADE REGULARLY WITH RED CHINA! BY HAVING AN AMERICAN GO IN THERE SHE HAS A BLACKMAIL HOLD ON US AS LONG AS SHE NEEDS US!
SHE WAS SORE AT ME FOR MANY REASONS, BUT SHE KNEW WHEN SHE FIRED ME THAT IF I WENT TO THE POLICE SHE COULD BLACKMAIL ME ON ANY JOB I EVER TRIED TO GET BACK HOME!
NOW YOU ARE THE FALL GUY!.... I'VE SPILLED ALL I KNOW, CANYON! - GET ME A SHOT OF HEROIN! . YOU PROMISED! YOU PROMISED!

Bible Words to Live by

A number of years ago, when I was in college, a motto was given to me for my wall. It is a translation of Proverbs 4:12. The motto reads: "As thou goest step by step the way shall open up before thee."

I have made that the motto of my life and find great comfort and courage in realizing that God is directing my life. I find that the only time I get into trouble is when I try to run my life myself I have found that when I hold steady and seek His guidance everything turns out satisfactory. God never fails us.

– Proverbs 3:5,6 states this a bit differently, "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He will direct thy paths". Truly, the way does open up.

Sponsored by the Exchange clubs, Crime Prevention Week is being celebrated for the seventh straight year. Man Enters Plea of Not Guilty to Three Charges

Ross James Morbitt of 656 Universal Ave., pleaded not guilty in Marion Municipal Court today to charges of intoxication, disorderly conduct and resisting arrest. He was released on $200 bond for trial Feb. 26.

He was arrested at 9:15 p.m. Thursday at the Wonder Bar on N. Main St. Police said they were called by the bar tender when Morbitt objected to his refusal to serve him another drink. The arresting policeman reported that Morbitt struck at him when he attempted to make the arrest.

Morbitt presently is awaiting outcome of an appeal to Marion County Common Pleas Court on a conviction of drunken driving by a Municipal Court jury Jan. 26.

STRONG QUAKE RECORDED

Lost Billfold Traps Cincinnati Burglar

CINCINNATI (AP)—A lost billfold was the clue which put Cincinnati police on a trail of pool room burglars that ended yesterday with the fatal shooting of James Schmitt, 33, a suspect.

Schmitt was shot to death by Detective William Rathman as he fled down a hallway of his apartment building and refused to heed a command to halt.

The officers went to the apartment after Schmitt had been named an accomplice in the pool room burglary by Joseph O. Smith, 22. Smith was identified and arrested from a billfold he had dropped in the pool room.

Police said they found 20 cartons of cigarettes, 25 rolls of nickels and other money in Schmitt's apartment. They said the cigarettes and money had been taken from the pool room.

Members of Lions Club Given Awards

Chevron awards were given Monday to 11 members of the Marion Lions Club. The awards were made at a dinner at the Country Club. Wives were the guests of the 84 members in attendance.

Robert Scott, district governor, presented 15-year charter chevrons to Harold Arbogast, Cecil Baldauf, Richard Eicher, Cecil Gabler, James Lytle, Robert McMahon and Wilford Schweinfurth. The charter chevron signifies these men were original members of the organization.

A 15-year monarch chevron was awarded to Robert Bush, for 15-year membership, although not a charter member. Earl Andrews, William Dennis and Charlton Myers, who acted as toastmaster for the program, received 10 - year monarch chevrons.

Guest speaker was Lewis J. Alber, who has spent a lifetime booking national and world figures for lectures in the United States. He told anecdotes about Adolph Hitler, Will Rogers and Winston Churchill, all three of whom he had met.

Federal Agents Nab Two With Phony Money

CLEVELAND (AP)—Secret Service agents, who estimate $5,000 worth of counterfeit money has been passed during the past two months in a 17-county northern Ohio district have arrested two more men But they still don't know where the bogus bills are coming from

The fourth and fifth men arrested in the drive were Paul Campisi, 29, and Lorenzo Bianchi, 36 both of Canton

Brought to Cleveland yesterday, Campisi was charged with passing a phoney bill at Elder's candy store in Dennison and Bianchi with possessing 69 privately-printed bills

Hubert R Holmes, special agent in charge here said Campisi admitted passing 30 phoney notes in Uhrichsville, New Philadelphia and Dennison, Agents said Campisi worked as a juke box mechanic for a Massillon firm.

The bogus bills appeared during the Christmas holidays and also have shown up at Youngstown and Akron.

Bonds of $5 000 each were posted for Campisi and Bianchi before they were released pending grand jury action.

Sales Tax Receipts Show Initial Gain

COLUMBUS, Ohio (AP)— State Treasurer Roger W. Tracy today reported sales tax cash receipts for the week ending Feb 6 showed the first gain in 1954 compared to corresponding periods last year

Receipts of $2,784 999 were reported for the week ending Feb. 6 this year compared to receipts of $2 780 598 during the week ending Feb 7, 1953. Tracy said it is the first increase shown during the first five weeks of 1954.

Total collections for the fiscal year beginning July 1, 1953 stood at $120 641 327, on Feb 6, Tracy said, showing a 7 2 per cent gain over a similar period the previous fiscal year.

Sweet Charity vs. Racketeering

A proposed law in New York state will be a national model for legislators fed up with charity racketeers, if the New York legislature adopts it

The proposal has three sharp teeth which would ward off brazen racketeers who prey on the charitable impulse

1 Every charitable organization except educational and religious groups would have to register before starting a fund-raising campaign providing full information about its purposes and its officers Such organizations will be required to make annual financial statements

2 All professional fund-raisers would be made to register and file surety bonds

3 The attorney general of New York would be given express power to apply to the New York Supreme Court for injunctions to stop money-raising campaigns in which improper conduct is uncovered

It is obvious that if each person giving away money would find out for himself whether or not it is going to be used for a worthy purpose there would need to be no law

It is just as obvious that most donors will not go to this trouble Racketeers were shown by a legislative investigation in New York last year to be milking the public of at least $25,000 000 a year through fraudulent practices

The alternative to using public police power to protect gullible donors is for them to protect themselves in voluntary associations relying on committees of their own neighbors to reveal where racketeers have moved in on sweet charity.

Help Wanted

A newspaper advertisement by the North Jersey Republican Committee of 100 has drawn 75 replies from persons interested in running for Congress in the 10th district, now represented by a Democrat

It isn't generally known but Vice President Nixon entered politics by way of a similar advertisement in California The New Jersey Republicans were copying a technique already tried and proved

At least one of the 75 applicants is reported to look so politically attractive he is being considered for the support of the Essex County Clean Government Organization, the nonpartisan organization which is supposed to hold the balance of power in the contest

It seems significant that this candidate's attractiveness rises from the fact he never has been in politics before He holds a responsible job in industry and claims in his own behalf that he would be able to appeal to other voters vitally interested in good government but not interested in the mechanics of partisan politics

That was the reason the North Jersey Republican Committee of 100 used newspaper advertising in the first place—to get outside help for its job in the two-party system of government Here is an idea which has possibilities in every community where traditional party organizations need a transfusion of public energy to spruce up their tickets

Millions of voters would like to help their government but are scared off by the thought of having to come up through a political organization to get the chance

As Others See Us

A booklet published by Hawaii Statehood Commission for distribution to U S congressmen considering Hawaii's application for admission to the United States is a chance to see what is held to be most admirable about the 48 states already in the union

Hawaiians achieve if they resemble the people of these states closely enough there can be no objection to letting their islands become the 49th state It's a powerful argument Their booklet stresses these likenesses

Not all residents of Hawaii can be relied on to vote the right way, some are contrary

They keep fighting the commies who keep trying to foul up the government and are entrenched in one of the local unions Harry Bridges I L W U

Local leftists are putting up a stiff battle against all un American activities

Hawaiians like cowboys football Boy Scouts drive ins housing improvements, mechanized farming branch banking, functional architecture parades television unlimited public education expressways mammoth trucks churches amateur theatricals, symphonic music industries amateur art collective bargaining, stock exchange speculation and popular voting They also have a lot of fun and a fondness for flowers

These are admirable traits the warp and woof of Americanism Except for complications about buying new flags with 49 stars, there seems to be no good reason why these people shouldn't be brought into the union If Texans Vermonters Nevadans and New Yorkers can remain in good standing Hawaiians should have no trouble whatever

More Book Burning

By David Lawrence

Florida Bans Alcohol Text Under W C T U Pressure

What's this — a 'book burning ordered by the government of the State of Florida, and can it be that Sen McCarthy is in no wise responsible?

The news is authentic The name of the ill fated book is 'Alcohol and Human Affairs and 200 copies already bought will be burned — or at least withheld from the students in the Florida schools —in accordance with a decree issued by the State Board of Education this week and announced by state superintendent of schools, Thomas D Bailey

He says that the Women's Christian Temperance Union interprets a part of the book as advocating moderate drinking and that he has received 3 000 letters of protest

NOW IT HAPPENS that the WCTU was in existence long before the Wisconsin senator was born but before many days have passed somebody somewhere will be interpreting Florida's action as somehow a sequel to the intolerance of dissent which it is claimed has been sweeping the nation'

Do not the Florida authorities know that if alcohol taken in excess poisons the body it is as important to know about this as it is about the Communism that poisons the mind? How can it be combated it will be asked in the familiar vein of the critics unless there is freedom to read about the subject?

The answer will be made to be sure, that with taxpayers money the state has a right to decide what books shall be read in the schools Many a state in the past has insisted on its right to determine what sort of textbooks its schools shall buy even with state funds that merely supplement local appropriations

As to the book on alcohol banned in Florida schools the publishers — the World Book Company of New York — told this correspondent that the State of Alabama has just ordered 1 000 copies and that some endorsements of the book have come from WCTU branches in other states

Thus will come as confusing news to many people who have been led to believe that 'book burning in America never occurred before the Wisconsin senator began to ask whether taxpayers money should be used to buy books by Communist authors — books incidentally that were not about Communism itself

The controversy about books on alcohol is not a new one There are states where in recent years an intensive effort has been made to spread facts about the use of alcohol Knowledge of the subject was deemed a direct aid to the education of the youth.

THE BOOK banned by the Florida school board was written by Willard Spalding dean of education in the University of Illinois who was formerly superintendent of schools in Portland Oregon Its co - author is Dr John R Montague vice chairman of the Educational Advisory Commission on Alcohol which is a part of the Alcoholic Beverage Commission of the State of Oregon

Not long ago Dr Selden Bacon head of the nation's principal center for alcohol studies which is at Yale University criticized the attitude of many ardent prohibitionists as to the proper education of students on the use of alcoholic beverages

He argued that the approach in the older textbooks was out of date and misleading He insisted that the time has come to tell the youth of the nation more of the facts about alcohol instead of treating the subject as a taboo item in the school curriculum

What the State of Florida has just done is to pay attention to letters of protest which probably have not been balanced by letters pointing out the advantages of letting the youth know all the facts about alcoholism

THE MAIN ISSUE however — the burning of books in response to popular clamor — relates to a practice that has needed exposure for a long time

Probably no national furor will result because after all the books are only about alcohol instead of about Communism and because there seems no way to prove that the Wisconsin senators was directly or indirectly responsible for the book burning' Nor is any committee of Congress likely to delve into it and ask a lot of questions because textbooks for the public schools are still within the sole jurisdiction of state governments

Maybe all this is what President Eisenhower meant a few months ago when he made his speech at Dartmouth College about 'book burning' It is unhappily true that they still 'burn' books in free America

'Blitz' on Sir Winston

By Alec De Montmorency

The rumors about Sir Winston Churchill's 'poor health and 'imminent' retirement are part of a maneuver in political high strategy in which left wing Conservatives are joining Laborite opponents of the Tory government a dispatch from London to the newspaper Pueblo of Madrid reports

The plan behind the Laborites campaign against what they call the damage' done to Britain by the aging prime minister's continued tenure in spite of the growing infirmities of his 80th year sees in the possible withdrawal of Churchill from his post at this time a crippling of the Conservative party by producing a fatal split in its ranks

The Laborite strategists believe that should Churchill quit now foreign Secretary Eden would be certain to make a strong bid for the premiership

Equally certain would be a move by the right wing Tories who have not pardoned Eden for his yielding to Premier Naguib of Egypt on the Sudan question, to block the foreign secretary's candidacy

Since barring an emergency the appointment of Churchill's successor would have to be preceded by the election of a new Conservative leader by the parliamentary Tory group—Conservative M P s and peers—where Eden's partisans are known to be outnumbered by those of the chancellor of the exchequer Richard A Butler a dogfight among the Tories would be unavoidable with a resultant weakening of the whole party

The Conservative left-wingers who currently are aiding the Laborite strategists in the current blitz' on Sir Winston apparently are angered by what they believe to be the prime minister's partiality for the imperialist right wing of the Conservative party and in particular by the strong backing Churchill is giving Colonial Secretary Oliver Lyttleton in his current crackdown on colonial independence movements

Adding fuel to the fire is the realization by many Conservative partisans of Eden—particularly those who might hope to get government posts in a cabinet presided over by Eden—that their candidate's chances of succeeding to the premiership dwindle as Churchill's retirement is delayed

Since it would not be permissible for Conservative members of Parliament to come out flatly in demanding the aged prime minister's resignation they by pass the difficulty by 'anguished speculation as to the imminence of that event

The worry now being expressed by Labor and liberal press organs about the 'harm' Churchill's continuance in office is causing to the Conservative party as well as to the country would belong to the same category of political tactics

The spirited urgings to Churchill to continue in office with which the empire-minded British newspapers have answered the campaign is further proof of the importance of the stakes in the present contest

Soviet Bear Caught in Austria Trap

By Jay G. Hayden

One result of the Big Four Foreign Ministers Conference in Berlin that may prove enormously consequential is its unmistakable establishment of Russia's determination not to withdraw its troops from a single foot of European soil they now occupy.

The showdown which diplomats here say is sure to rebound in every European capital, pertained to Austria

For nearly a decade that country has been under quadruple foreign occupation — Russian, American British, French — despite that it was a total noncombatant in World War II and that as early as 1943 at Moscow the same four anti Axis allies pledged freedom for Austria as their very first postwar aim

At Paris in 1949 complete agreement seemed to have been reached on an Austrian peace treaty and there was great rejoicing as a consequence The next day, however, Vishinsky received a preemptory message from Moscow requiring him to renege In subsequent negotiation Russian advanced a flock of new claims, which the Western powers were unwilling to grant.

THE MOST startling development of the Berlin meeting to date was when Austria's foreign minister Leopold Figl suggested and Britain France and the U S promptly okayed surrendered to every one of the Russian stipulations of 1949

These included such things as Austrian agreement to ship Russia 150 million dollars worth of goods as reparations plus 11 500 000 tons of petroleum products annually and privilege for Russian exploration for new Austrian oil wells with full retention of whatever they discover

For Molotov the Soviet foreign minister this was a corner from which there was no escape but to disclose his real hand After much squirming he came up with the declaration that there could be no *settlement concerning Austria until after the future of Germany* had been determined — which means no determination as to either of these countries within the foreseeable future

The reason for this Russian position is crystal clear Incident to making peace with Rumania and Hungary in 1947 Russia slipped in a clause declaring that the Soviet Union could continue in those countries 'such armed forces as it may need for maintenance of the lines of communication of the Soviet Army with the Soviet zone of occupation in Austria'

FOR SEVEN YEARS that stipulation has provided the only excuse for Russian armed occupation of Hungary and Rumania without which those countries in all probability would prove as rebellious as neighboring Yugoslavia the one Communist country never occupied by the Russian military

The vicious circle is obvious If Russia lets up on Austria, it must do the same for Rumania and Hungary And if those three countries were set free there would be no semblance of excuse left for Soviet armed occupation of Bulgaria Poland and Czechoslovakia, not to mention East Germany which notoriously is held down solely by the Muscovite iron heel

It is true also, however that this same situation has provided a chain of hope for oppressed peoples Austrian freedom has been watched for fervently by Hungarians and Rumanians as the prescribed key to their own liberation Germans have felt that Austrian settlement would at least increase pressure for reunion and release of Germany by the same occupying group

Poles, Czechoslovaks and Bulgarians have been watching with all their eyes for the first visible lessening of Russia's hold anywhere along the Iron Curtain perimeter.

MANY TIMES every day the Voice of America Radio along with broadcasting facilities of Britain France and West Germany have been pumping into all reachable Communist countries news of the Berlin conference with special emphasis on Molotov's refusals

Certainly the Communist minions, all and sundry know better than ever before that all that stands in the way of their return to freedom is Russia's insistence on maintaining sovereignty over them

One query asked everywhere is why Russia, if it was unwilling to make any concessions toward peace consented to the Berlin meeting in the first place?

The answer to that one could be that for Russia, as well as her western opposites it is difficult to explain to the just ordinary citizen why there should not be any effort toward peace It is no secret that Secretary Dulles had no heart for the present meeting but felt compelled by the weight of American public opinion to join it Molotov may have found himself in identically the same boat
